

Dear SPOCs,

Every week there will be a live interactive session where a Course team member will explain some sample problems, how they are solved - that will help learners solve the weekly assignments.

We are seeing that learners who practice and complete Assignments do well in the final exam also.

So kindly share this with your students and faculty so that they can learn how to solve sample Assignments questions in a quick and efficient way.

Attending such sessions will also help them understand the concepts better.

How are the sessions planned?

The Live interactive sessions are planned for **Mon, Tue, Wed, Fri, Sat & Sun**

Mon, Tues, Fri - 6pm to 8pm

Sat+Sun - 3pm to 8pm

Session details are [given here.](#)

The banner features a light blue background with icons of a laptop, a pen, a notepad, and a circular logo. The main text reads "Weekly LIVE Problem solving sessions". Below this, a section titled "Interactive sessions with PhD scholars on" lists the days "Friday, Saturday, Sunday, Monday & Tuesday". Two circular callouts specify the times: "6.00pm to 8.00pm" for Monday, Tuesday, and Friday; and "3.00pm to 8.00pm" for Saturday and Sunday. An illustration of a person at a laptop with a video call window showing multiple participants is also present.

LIVE Mentoring Sessions for GATE 2023:
