Outcomes of the Event	Stimulated creativity: Participants showcased their creativity and ingenuity by developing innovative solutions to challenging problems. Promoted collaboration: The event facilitated collaboration and knowledge sharing among participants, resulting in the exchange of ideas and perspectives.		

BRIEF REPORT

On December 9th, 2022, MLRITM successfully organized an Innovation Competition/Hackathon, bringing together 160 enthusiastic students and 9 dedicated faculty members. The event, facilitated by Mr. B. Prasad and Dr. G. Amarnath, aimed to promote innovation, collaboration, and skill development among participants.

Throughout the day, participants engaged in intense brainstorming sessions, coding marathons, and prototype development activities. Mentored by experienced faculty members, they worked tirelessly to transform their ideas into tangible solutions, showcasing their creativity and technical prowess.

The event, executed within the allocated budget of Rs. 15,000, witnessed a high level of enthusiasm and participation from both students and faculty members. The atmosphere was charged with energy as teams competed against each other, pushing the boundaries of innovation and problem-solving.

At the end of the day, participants presented their solutions to a panel of judges, who evaluated them based on criteria such as innovation, feasibility, and impact. The winners were felicitated, and their solutions were lauded for their ingenuity and potential to address real-world challenges.

Overall, the Innovation Competition/Hackathon was a resounding success, achieving its objectives of stimulating creativity, promoting collaboration, and fostering entrepreneurship. It provided participants with a platform to showcase their talents, learn from each other, and explore opportunities for future innovation and growth.
