

WELLBEING:

OUR SHARED COMMUNITY COMMITMENT:

At MLRITM, wellbeing is not merely a policy — it is the foundation upon which our entire community is built. We believe that every individual who walks through our doors deserves an environment that nurtures growth, upholds dignity, and fosters a sense of belonging.

The MLRITM Fraternity Compact represents the collective values and mutual expectations shared by every student and staff member of this institution. It serves as our guiding framework for respectful interaction, academic integrity, and responsible citizenship.

By embracing these principles, each member of our community pledges to contribute meaningfully — not only to their own advancement, but to the progress and welfare of everyone around them.

THE MLRITM FRATERNITY COMPACT – OUR SIX PLEDGES:

1. Pursuit of Academic Excellence

Every member of MLRITM commits to pushing the boundaries of their own intellectual potential. This means taking ownership of the learning journey, making full use of institutional resources, and actively seeking opportunities that enrich knowledge beyond the classroom

2. Ownership of Words & Actions

We hold ourselves accountable for everything we say and do. Members of MLRITM are expected to think before acting, resolve conflicts through dialogue rather than aggression, and acknowledge their shortcomings with honesty and a willingness to grow.

3. Respect for All Persons & Property

Every individual in our community deserves to be treated with dignity. We honour the rights, space, and belongings of our fellow members — recognising that a respectful environment is the bedrock of a thriving institution.

4. Openness to Diverse Perspectives

MLRITM is enriched by the variety of backgrounds, beliefs, and life experiences that our community brings together. We pledge to engage with curiosity rather than judgement — listening deeply and allowing different viewpoints to broaden our understanding.

5. Integrity in Academic & Personal Life

Integrity is the cornerstone of character. Members of our fraternity commit to representing themselves honestly in all academic endeavours and personal conduct — ensuring that trust remains the currency of every relationship within the institution.

6. Positive Contribution to Society

Our responsibilities do not end at the campus boundary. We pledge to be proactive contributors to the local and global community — channelling our skills, compassion, and initiative toward creating a more equitable world for generations to come.

OUR COLLECTIVE PROMISE

“We the MLRITM fraternity, commit to excellence, integrity and compassion -in everything we pursue and in everyone we encounter”
