- ❖ The committee members reviewed the placement outcomes of M.Tech students and recommended that students pursue professional certifications from reputed platforms such as AWS, Azure, Google Cloud, Coursera, or NPTEL, relevant to their area of specialization. The committee also advised students to stay updated with the latest technologies and industry trends through online learning platforms and webinars.
- ❖ The committee reviewed the publications, conference contributions, and patents of both faculty and students. The committee expressed satisfaction with the improved numbers and recommended organizing workshops or seminars on research methodologies, technical writing, and patent filing to further strengthen the research culture.
- ❖ The committee evaluated the Faculty Development Programs (FDPs), Short-Term Training Programs (STTPs), and certifications undertaken by the faculty based on their relevance to academics, enhancement of technical and soft skills, upskilling in advanced technologies, and their impact on research productivity. The committee also recommended providing incentives to faculty members who successfully complete advanced certifications or actively contribute to organizing FDPs and STTPs within the department or institution.
- ❖ The committee evaluated student internships based on factors such as internship quality, duration, project complexity, acquired technical skills, and completion certifications. The committee also recommended encouraging students to undertake internships that comply with JNTUH, AICTE, UGC, and NBA guidelines, while staying aligned with emerging industry trends and technological advancements.
- ❖ The committee members concluded that a meeting should be scheduled if necessary to discuss any priority assessments.

The PAQIC meeting concluded with a vote of thanks from the chair at 5:00 PM.
