- ❖ The committee members reviewed the report on the quality of internal assessment question papers and recommended increasing the number of higher-order Bloom's Taxonomy questions, with greater emphasis on application-oriented, analytical, and problem-solving questions to enhance student's critical thinking skills.

- ❖ The committee members reviewed the Course Outcome (CO) attainment for I M.Tech (R24) Semester II and II M.Tech (R22) Semester II. Upon review, they observed that the Course Outcomes of all courses had successfully attained the prescribed target levels and expressed their satisfaction with the attainment results.

- ❖ The committee members also examined the action taken reports for the courses where the Course Outcomes were successfully attained. The action taken statements are provided in Annexure-I.

- ❖ The committee has reviewed the PO attainments for the M.Tech 2023–2025 batch and noted that all the Program Outcomes have successfully achieved the prescribed target levels.

- ❖ The committee reviewed the M.Tech project work with respect to originality and innovation in problem-solving, application of emerging technologies, and the complexity and technical depth of the projects. The committee also evaluated the students' performance in Review-I and recommended that the project objectives be defined more clearly and that the methodology be explained in a more comprehensive and structured manner.

- ❖ The committee members concluded that a meeting should be scheduled if necessary to discuss any priority assessments.

The PAQIC meeting concluded with a vote of thanks from the chair at 5:00 PM.
